**AGENDA**

1. To consider adjustments in the Language Awards Program necessitated by:

- a. Reductions in the FY 60 budget.

**NOTE:** The awards budget for FY 60 presently stands at \$204,000. To date we have committed \$83,750. When all cases tested as of this date are processed, our commitment will increase \$30,000 - \$35,000. Additionally, February through June brings in the majority of anniversary dates. (See attached list for some suggested cuts.)

- b. A sharp step-up expected in the Language Proficiency Testing Program.

**NOTE:** The increased number of tests which will be run in the rest of FY 1960 can result in doubling the number of people tested.
